Facility AUDIT FINDINGS

Summary of Audit Findings

The OAS automatically populates the number and list of Standards exceeded, the number of Standards met, and the number and list of Standards not met.

Auditor Note: In general, no standards should be found to be "Not Applicable" or "NA." A compliance determination must be made for each standard. In rare instances where an auditor determines that a standard is not applicable, the auditor should select "Meets Standard" and include a comprehensive discussion as to why the standard is not applicable to the facility being audited.

Number of standards exceeded:

0

Number of standards met:

41

Number of standards not met:

0

INTERVIEWS	
Inmate/Resident/Detainee Interviews	
Random Inmate/Resident/Detainee Interviews	
40. Enter the total number of RANDOM INMATES/RESIDENTS/DETAINEES who were interviewed:	10
41. Select which characteristics you considered when you selected RANDOM INMATE/RESIDENT/DETAINEE interviewees: (select all that apply)	<input type="checkbox"/> Age <input checked="" type="checkbox"/> Race <input checked="" type="checkbox"/> Ethnicity (e.g., Hispanic, Non-Hispanic) <input checked="" type="checkbox"/> Length of time in the facility <input checked="" type="checkbox"/> Housing assignment <input checked="" type="checkbox"/> Gender <input type="checkbox"/> Other <input type="checkbox"/> None
42. How did you ensure your sample of RANDOM INMATE/RESIDENT/DETAINEE interviewees was geographically diverse?	The auditor requests a housing roster and has informal conversation with the staff.
43. Were you able to conduct the minimum number of random inmate/resident/detainee interviews?	<input type="radio"/> Yes <input checked="" type="radio"/> No

a. Explain why it was not possible to conduct the minimum number of random inmate/resident/detainee interviews:	The facility had a total of 9 staff members.
44. Provide any additional comments regarding selecting or interviewing random inmates/residents/detainees (e.g., any populations you oversampled, barriers to completing interviews, barriers to ensuring representation):	No text provided.
Targeted Inmate/Resident/Detainee Interviews	
45. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	1
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
47. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	0
a. Select why you were unable to conduct at least the minimum required number of targeted inmates/residents/detainees in this category:	<input checked="" type="checkbox"/> Facility said there were "none here" during the onsite portion of the audit and/or the facility was unable to provide a list of these inmates/residents/detainees. <input type="checkbox"/> The inmates/residents/detainees in this targeted category declined to be interviewed.

b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).	Documentation review and informal conversation with staff indicated that there were none during the onsite portion of the audit and the facility was unable to provide a list of these residents.
48. Enter the total number of interviews conducted with inmates/residents/detainees with a cognitive or functional disability (including intellectual disability, psychiatric disability, or speech disability) using the "Disabled and Limited English Proficient Inmates" protocol:	1
49. Enter the total number of interviews conducted with inmates/residents/detainees who are Blind or have low vision (i.e., visually impaired) using the "Disabled and Limited English Proficient Inmates" protocol:	0

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

71. Did you have access to all areas of the facility?

☒ Yes

☐ No

Was the site review an active, inquiring process that included the following:

72. Observations of all facility practices in accordance with the site review component of the audit instrument (e.g., signage, supervision practices, cross-gender viewing and searches)?

☒ Yes

☐ No

73. Tests of all critical functions in the facility in accordance with the site review component of the audit instrument (e.g., risk screening process, access to outside emotional support services, interpretation services)?

☒ Yes

☐ No

74. Informal conversations with inmates/residents/detainees during the site review (encouraged, not required)?

☒ Yes

☐ No

75. Informal conversations with staff during the site review (encouraged, not required)?

☒ Yes

☐ No

76. Provide any additional comments regarding the site review (e.g., access to areas in the facility, observations, tests of critical functions, or informal conversations).	No text provided.
Documentation Sampling	
Where there is a collection of records to review-such as staff, contractor, and volunteer training records; background check records; supervisory rounds logs; risk screening and intake processing records; inmate education records; medical files; and investigative files-auditors must self-select for review a representative sample of each type of record.	
77. In addition to the proof documentation selected by the agency or facility and provided to you, did you also conduct an auditor-selected sampling of documentation?	<input checked="checked" type="radio"/> Yes <input type="radio"/> No
78. Provide any additional comments regarding selecting additional documentation (e.g., any documentation you oversampled, barriers to selecting additional documentation, etc.).	No text provided.
SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY	
Sexual Abuse and Sexual Harassment Allegations and Investigations Overview	
Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.	

79. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

80. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual harassment allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual harassment	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0
Total	0	0	0	0

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

81. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
Inmate-on-inmate sexual abuse	0	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0	0
Total	0	0	0	0	0

82. Administrative SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

	Ongoing	Unfounded	Unsubstantiated	Substantiated
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

Sexual Harassment Investigation Outcomes

Note: these counts should reflect where the investigation is currently. Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual harassment investigation files, as applicable to the facility type being audited.

83. Criminal SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

	Ongoing	Referred for Prosecution	Indicted/ Court Case Filed	Convicted/ Adjudicated	Acquitted
Inmate-on-inmate sexual harassment	0	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0	0
Total	0	0	0	0	0

84. Administrative SEXUAL HARASSMENT investigation outcomes during the 12 months preceding the audit:

	Ongoing	Unfounded	Unsubstantiated	Substantiated
Inmate-on-inmate sexual harassment	0	0	0	0
Staff-on-inmate sexual harassment	0	0	0	0
Total	0	0	0	0

Review of Documents:

The Pre-Audit Questionnaire (PAQ) indicated: The agency confirms that it possesses a written policy enforcing zero tolerance towards all forms of sexual abuse and sexual harassment.

TCI Policy section 4.0, PREA- Prison Rape Elimination Act Policy and Procedure states, The Connection, Inc., in cooperation with the State of Connecticut Department of Corrections (DOC) and Court Support Services Division (CSSD) support a zero-tolerance policy towards sexual abuse and sexual harassment.

TCI Policy section 5.0, PREA- Prison Rape Elimination Act Policy and Procedures list the PREA definitions. The agency policy clearly defines general definitions and definitions of prohibited behaviors to include sexual abuse and sexual harassments.

The agency has a written policy mandating zero tolerance toward all forms sexual abuse and sexual harassment.

Documentation review confirmed that the agency has a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment in facilities it operates directly or under contract. The facility included an outlining how it will implement the agency's approach to preventing, detecting, and responding to sexual abuse and sexual harassment. The policy also includes definitions of prohibited behaviors regarding sexual abuse and sexual harassment. The policy includes sanctions for those found to have participated in prohibited behaviors.

Document review of TCI policies has the required definitions. The agency uses the same definitions for sexual abuse 1 through 8, and for Sexual Harassment 1 through 2.

An agency shall employ or designate an upper-level, agency-wide PREA coordinator with sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all its facilities.

Review of Documents:

The Pre-Audit Questionnaire indicated: The agency has confirmed that it has employed or designated an agency-wide PREA Coordinator.

A review of the agency policy and the organizational chart confirmed that the agency has an upper-level agency wide PREA coordinator that oversees all PREA activities.

TCI Policy section 6.0, PREA-Prison Rape Elimination Act Policy and Procedures indicated that The Connection's CEO and CPO are responsible for ensuring that there is a designated PREA Coordinator. The PREA coordinator is responsible for implementing the agency's PREA policies.

TCI Policy section 7.0, PREA-Prison Rape Elimination Act Policy and Procedures stated that the PREA coordinator is responsible for the development, implementation, and oversight of agency efforts to comply with PREA standards.

Interviews: PREA Coordinator - Q: 1, 2, 3

Interviewed agency PREA coordinator confirmed that she feels that she has enough time to manage all their PREA related responsibilities. The PREA coordinator also confirmed that they coordinate the agency's efforts to comply with the PREA standards by:

- All staff complete the PREA training at orientation online and must pass the final exam. She completes a refresher training course with all current staff annually in-person that also dives mor into resident manipulation and boundaries. Staff also complete the entire PREA training online annually.
- The agency has a PREA phone number so that staff or clients can call to report an allegation. Most of the time, she is on call, however when not, her supervisor, a certified investigator, will handle the on-call duty.
- The agency has policies and procedures completed detailing the PREA protocols to ensure compliance with the standards and providing the residents with the safest environment during their stay in the program.
- Staff complete an evaluation with the client at intake to determine if they are a known predator or known victim and house based on the results of the assessment.
- She is in close contact with all Program Managers, Program Directors, and Vice Presidents of Service Areas to ensure that the agency is preventing sexual harassment or sexual abuse and responding to it in a timely fashion if it does occur.

Interviewed agency PREA coordinator confirmed that if they identify an issue with complying with a PREA standard that the action or process she undertake to work toward compliance with that standard is by:

- Addressing the concern with Program Leadership and discuss steps to rectify the issue. If it is a concern with the funder, then she will have a discussion with the

A public agency that contracts for the confinement of its Residents with private agencies or other entities, including other government agencies, shall include in any new contract or contract renewal of the entity's obligation to adopt and comply with the PREA standards.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Based on a review of information about the facility provided in the PAQ, the number of contracts for the confinement of residents that the agency entered or renewed with private entities or other government agency on or after August 20, 2012, or since the last PREA audit, whichever is later was zero. The number of above contracts that did not require contractors to adopt and comply with PREA standards was zero.

Informal conversations with the PREA Coordinator and documentation review confirmed that the agency has not entered or renewed a contract for the confinement of its residents.

A review of the Executed State of Connecticut Department of Corrections Contract 21DOC0117AA and Community Solutions, Inc. page 55 give guides regarding PREA. 115.213 (a)

For each facility, the agency shall develop and document a staffing plan that provides for adequate levels of staffing, and, where applicable, video monitoring, to protect Residents against sexual abuse. In calculating adequate staffing levels and determining the need for video monitoring, agencies shall take into consideration:

- (1) The physical layout of each facility.
- (2) The composition of the resident population.
- (3) The prevalence of substantiated and unsubstantiated incidents of sexual abuse; and
- (4) Any other relevant factors.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Since August 20, 2012, or last PREA audit, whichever is later, the average daily number of residents; the facility response was 36. Since August 20, 2012, or last PREA audit, whichever is later, the average daily number of residents on which the staffing plan was predicted; the facility response was 38.

Documentation review confirmed that this facility has a staffing plan that provides for adequate levels of staffing and has video monitoring to protect residents against sexual abuse and sexual harassments.

A review of the physical layout of the facility is being considered when considering and updating the staffing plan. The auditor uses the physical layout to guide the facility tour.

The staffing plan minimum requirements are determined by the funder, CT Department of Corrections. The number of residents in the program determines the minimum number of staff that should always remain on the floor. The minimum staff requirements can never be deviated from them; the staff will always ensure that the minimum staff is present on the floor. The facility has video monitoring in blind spots throughout the facility and continues to add cameras as money becomes available. Staff complete hourly headcounts/rounds as an additional means of supervision.

A review of the Annual Community Program Staffing indicates the following positions: Program Director (1), Program Manager (1), Admissions Specialist (1), Case Management (2), and Line Staff/CSA (8).

Interviews: Director/Designee - Q: 1, 2, 3 / PREA Coordinator - Q: 4

Interviewed agency PREA coordinator confirmed that when assessing adequate staffing levels and the need for video monitoring, the agency considers the following: the staffing plan's minimum requirements are determined by the contract set out by the funder, Department of Corrections. The number of clients in the program will determine the minimum number of staff that should always remain on the floor. The minimum staffing requirements can never be deviated from so the Program Director will always ensure that the minimum staff are present on the program floor. The facility has video monitoring in blind spots throughout the program and continues to add cameras as money becomes available. Staff complete hourly headcounts/rounds as an additional means of supervision.

The interviewed Program Director confirmed that the facility has a staffing plan. The staffing plan is based on the contract with the funding agency (DOC) and the facility size. The facility also has video monitoring cameras in the most vulnerable spots. The program manager ensures that the facility has monthly schedules to ensure coverage.

Interviewed Program Director confirmed that when the facility assess adequate staffing levels and the need for video monitoring the facility considers the physical layout looking for the most vulnerable spots in the program and ensure those spots have camera and/or staff checks are done more frequently in these areas; The composition of the resident population is always changing, and has a very complex population so staff ensuring that they always monitoring and staffing appropriately; The prevalence of substantiated and unsubstantiated incidents of sexual abuse, when trends are detected the facility will add staff, that may be adding an hourly staff or adding a director. However, if the facility feels at certain times extra support is needed, they will do so. To check for compliance with the staffing plan, staff check random sites and check the payroll system.

According to the Program Director the facility documents all instances of non-

compliance with the staffing plan via email with funders as they must give the ok. The facility has not had to go out of the staffing plan in a few years.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Informal conversation with the facility manager indicated that the Staffing Matrices are established by the funding source, however the funding source is open to suggestions based on the agency's on-going assessments of their needs. The staffing matrix is submitted every year. If the agency/facility has changes to recommend, the funding agency does consider the justifications for the requests.

During the facility tour, it was observed that there were two employees scheduled for both the first and second shifts, and one employee scheduled for the third shift. This staffing pattern aligns with the Program Staffing Matrix.

During the site review, the auditor inspected rooms 107b/107a, 106b/106a, 105b/105a, 104b/104a, 103a/103b, 102a/102b, and 101b/101a on the first floor. Residents' rooms had no blind spots or cameras. Toilets and showers are private and shared between two rooms (e.g., 101a/101b).

The auditor inspected the basement, which contains a small kitchen and laundry room. The outdoor recreation area features a private fence and cameras.

The auditor observed that cameras are installed both inside and outside the facility to monitor all areas, including hallways. The camera monitors are situated in the Administration area for monitoring purposes.

In circumstances where the staffing plan is not complied with, the facility shall document and justify all deviations from the plan.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: In circumstances where the staffing plan is not complied with, the facility document and justify all deviations from the plan; the facility response was N/A.

The facility staffing plan is based on the contract with CT DOC. In circumstances where the staffing plan is not complied with, the facility document and notified CT

DOC of deviations. They did provide the auditor with a blank copy of a deviations forms with justification if needed.

Documentation confirmed that the facility has not deviated from the staffing plan, the plan is based on DOC contract requirements and funding.

Interviews: Director/Designee - Q:4

The Program Director interviewed confirmed that if there was an instance of non-compliance with the staffing plan it would be documented. However, the Program Director ensures that the facility is always in compliance. This compliance is a part of the CT DOC contract.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Informal conversation with the Program Director reported that in situations in which a deviation is made from the staffing plan, written justification for such deviation is documented and sent to the PREA coordinator by the facility supervisors.

Whenever necessary, but no less frequently than once each year, the facility shall assess, determine, and document whether adjustments are needed to (1) The staffing plan established pursuant to paragraph (a) of this section; (2) Prevailing staffing patterns; (3) The facility's deployment of video monitoring systems and other monitoring technologies; and (4) The resources the facility has available to commit to ensure adequate staffing levels.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: In the past months, the facility has assessed, determined, and documented whether adjustments are needed to the staffing plan established pursuant to paragraph (a) of this section: the facility response was yes.

The facility annually reviews of staffing to determine if adjustments are needed. This includes examining staffing patterns, video monitoring systems, other monitoring technologies, and resource allocation to ensure compliance. The agency/facility also

includes the Facility layout.

The auditor reviews the facility layout prior to on site and observes the layout during the facility tour. The auditor reviews the facility Census Date for the past year which indicated an average of 36.42. The yearly total was 202.

The facility conducts Annual Staffing. A review of the documentation confirmed that the agency's program leadership performs this assessment annually, with the Program/Director, and PREA Coordinator being informed upon completion.

The Annuals Staffing Assessment included the requirements of the standards. Findings of inadequacy from judiciary, federal investigations agency, internal or external oversight body. Staffing plan addresses all components of the facility's physical plant. The staffing plan considers populations, numbers & placement of supervisory staff, applicable state and local laws, and the prevalence of substantiated and unsubstantiated incidents of sexual abuse. Review of the facility monitoring system. The overall assessment results, changes needed and barriers to change.

The facility uses the Staffing Addendum. A documentation review of the Staffing Addendum confirmed that the agency program leadership review annually and provided the CJ Administration Director and PREA Coordinator upon completion.

Interviews: PREA Coordinator - Q: 5

Interviewed agency PREA coordinator confirmed that the staffing plan is reviewed annually and if there was a question or adjustment regarding the PREA standards and staffing then she will be consulted.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews): N/A

Informal conversation with the Program Director confirmed that the staffing has the required number and placement of staff to include some video technology that is necessary to ensure the sexual safety of the resident population given the facility layout and characteristics, classifications of residents, and security needs and programming.

During the facility tour the auditor observed that the facility has cameras located in and around the facility that are always monitored. The cameras in the facility cover the inside of the visiting room, rear, front, administration, and recreation areas. There are no cameras in residents' rooms.

The facility shall implement policies and procedures that enable Residents to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Such policies and procedures shall require staff of the opposite gender to announce their presence when entering an area where Residents are likely to be showering, performing bodily functions, or changing clothing.

Review of Documents:

Pre-Audit Questionnaire (PAQ) Indicated: Does the facility have policies that enable residents to shower, perform bodily functions, and change clothing without non-

medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks; the facility response was yes.

TCI Policy Client Movement and Accountability Section 4: Clients have the ability to shower, perform bodily functions, and change clothing without staff viewing the client. Staff of the opposite gender only enter a bathroom for exigent circumstances and announce their presence prior to entering a bathroom.

The facility has implemented policies and procedures that enable residents to shower, perform bodily functions, and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Staff must announce themselves before entering a shower, bathroom, or resident's room, typically by knocking.

Interviews: Resident Interview Questionnaire - Q: 1, 2 / Random Sample Staff - Q: 14, 15

A total of five random staff were interviewed. Three Black females, One White female, and One Black male. They work the 1st, 2nd and 3rd shifts. Five confirmed that they and other staff announce their presence when entering a resident room of the opposite gender by knocking on the resident door and/or say female. Five confirmed that residents can dress, shower, and use the toilet without being viewed by staff of the opposite gender.

A total of ten random residents were interviewed. Five Blacks, Three Whites and Two Hispanics, they were asked does female staff announce their presence when entering their rooms? Nine said yes, and one indicated sometimes. Staff will knock on the room door; however, female staff does not enter the rooms while residents are in the rooms.

A total of ten random residents were interviewed. Five Blacks, Three Whites and Two Hispanics, they were asked are you and other residents ever naked in full view of female staff (not including medical staff such as doctors, nurses)? Ten indicated that they never been naked in the present of female staff.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

During the site review,

- The auditor observed the facility critical function of cross-gender viewing. The auditor observes areas where residents may be in a state of undress, showers, toilet, and changing clothing. The areas observed were housing, showers, and bathrooms.
- The auditor observed the facility critical function of cross-gender announcements. The auditor observes staff announcing their present when entering housing bedroom/living areas of the opposite gender. The auditor informally

interviewed residents regarding staff of the opposite gender announcing the present when entering their bedrooms. All residents indicated yes that staff announced their presence by knocking on the door before entering.

- The auditor observed the facility critical function of cross-gender viewing. The cameras do not show residents naked, using the showers or toilets on camera monitors.

- The auditor observed the facility critical function of the physical storage area of any information/documentation collected and maintained as hard copy. The hard copies of the PREA Screening are kept in the residents' files and maintained in lock file cabinets. There was no confidential resident information located in places where other residents or staff can review.

Corrective Action: None

Provision Findings:

A review of the appropriate documents to include the facility PAQ, interviews and informal conversations with staff and residents, and a review of relevant policies corroborate that the facility is complying with the provisions of this standard.

The facility shall not search or physically examine a transgender or intersex resident for the sole purpose of determining the resident's genital status. If the resident's genital status is unknown, it may be determined during conversations with the resident, by reviewing medical records, or if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Does the facility always refrain from searching or physically examining transgender or intersex residents for the sole purpose of determining the resident's genital status; the facility response was yes.

TCI Policy Searches of Community Justice Residents and Resident Property Policy and Procedures section 4.0 states, all staff announce their presence prior to entering a resident room. Staff of the opposite gender only enter a bathroom for exigent circumstances and announce their presence prior to entering a bathroom. Residents have the right to shower, perform bodily functions, and change clothing without staff viewing the resident.

TCI Policy Client Movement and Accountability Section 4: Clients have the ability to shower, perform bodily functions, and change clothing without staff viewing the client. Staff of the opposite gender only enter a bathroom for exigent circumstances and announce their presence prior to entering a bathroom.

The facility has a practice that no staff will search or physically examine a transgender or intersex resident for the sole purpose of determining the resident's genital status.

Interviews: Random Sample of Staff - Q: 4 / Transgender/Intersex Residents - Q: 2

A total of five random staff were interviewed. Three Black females, One White female, and One Black male. They work the 1st, 2nd and 3rd shifts. Five confirmed that they are aware of the policy prohibiting staff from searching or physically examining a transgender or intersex resident for the purpose of determining that resident's genital status.

During the onsite visit there were no Transgenders or Intersex residents at the facility to confirmed if they felt safe at this facility and whether their views concerning safety are given serious consideration. Have they been put in a housing area only for transgender or intersex residents; as well as do they have any reason to believe that they were strip-searched for the sole purpose of determining their genital status.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews): N/A

The auditor and the Agency PREA Coordinator had an informal conversation regarding some additional ways to handle pat-down search preferences and urine collection for the Transgender house at the facility. When clients who identify as transgender, the Program Director meets with the client upon Intake to discuss safety concern and preference. Clients are either housed in an individual room or consideration is taken on who the clients' roommates will be to ensure safety. Regarding pat-down and urine collection, the client is asked their preference on the gender of the staff conducting the pat-down (i.e., male to female transgender with male genitalia requesting female staff pat-down and urines) then the Program Manager would have a conversation with the funder to determine if this is the best fit for the client. A solution is easier to identify for toxicology testing is providing the alternative to urine collection could also be oral swab collection.

Informal conversations with the Program Manager confirmed that the facility has a policy prohibiting staff from searching or physically examining a transgender or intersex resident for the sole purpose of determining the resident's genital status.

The agency shall train security staff in how to conduct cross-gender pat-down searches, and searches of transgender and intersex residents, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.

Review of Documents:

Based on a review of information the facility provided in the PAQ, the percent of all security staff who received training on conducting cross-gender pat-down searches and searches of transgender and intersex residents in a professional and respectful manner, consistent with security needs; the facility response was 100.

TCI Policy Client Pat-Down Search Section 4: All searches shall be conducted with a professional attitude and with respect for the client's person and possessions. Furthermore, searches will be conducted in a dignified manner and the least intrusive manner possible. Training for pat-down searches is required for new staff, staff transferred into the program, and annually thereafter.

Documentation review and Informal conversations confirmed that staff are trained to conduct cross-gender pat down searches. The documentation indicated the following process:

- When the schedule permits there should be two staff present for the pat-down searches.
- Staff will instruct clients to stand in the designated location in the main office.
- Staff should wear appropriate PPE during the search, at a minimum puncture resistant glove should be worn.
- Staff will conduct a wand search to see if there are any weapons or materials made of metal that might be concealed in or under the client's clothing.
- Staff will inform clients to turn out pockets, lift pants legs, take off hats, remove shoes and socks at the staff's discretion.
- Staff will search for any bags or backpacks leaving or being brought into the program. Staff will search for the client's wallet.
- Staff will then conduct a part-down search of each client using the Quadrant Searching Technique recommended by the Department of Correction and part of the Community Justice staff Training process.
- If any contraband is found, staff must notify their supervisor, submit an Incident Report, have the client sign an Infraction, and contact the assigned DOC Officer if applicable as well as notify the supervisor on call if it is after hours, weekends or holidays.
- Each program will designate a locked and secure office area in the program to

Evidence Relied Upon in making Compliance Determinations:

- TCI Policy American with Disabilities Policy and Procedure
- Pre-Audit Questionnaire (PAQ)
- Interview Questions: Agency Head
- Interview Questions: Resident (with disabilities or who limited English proficient)
- Interview Questions: Random Sample of Staff
- Target List
- Informal Conservations
- Site Review
- Language Services Contract Interpreters and Translators

Reasoning and Analysis by Provision**115.216 (a)**

The agency shall take appropriate steps to ensure that Residents with disabilities (including, for example, Residents who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities), have an equal opportunity to participate in or benefit from all aspects of the agency's effort to prevent, detect, and respond to sexual abuse and sexual harassment. Such steps shall include, when necessary to ensure effective communication with Residents who are deaf or hard of hearing, providing access to interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. In addition, the agency shall ensure that written materials are provided in formats or through methods that ensure effective communication with residents with disabilities, including residents who have intellectual disabilities, limited reading skills, or who are blind or have low vision. An agency is not required to take actions that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity, or in undue financial and administrative burdens, as those terms are used in regulations promulgated under title II of the Americans with Disabilities Act, 28 CFR35.164.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Does the agency take appropriate steps to ensure that residents with disabilities have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment, including Residents who are deaf or hard of hearing; the facility response was yes.

TCI Policy American with Disabilities Policy and Procedure section 4.0, the agency will take appropriate steps to ensure that clients with disabilities have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. The agency will encourage individuals with disabilities to come forward and request reasonable accommodation. Section 5.0 states, Reasonable accommodation - "any modification or adjustment to a job or the work environment that will enable a qualified applicant or employee with a disability to participate in the application process or to perform essential job functions.

A review of documentation that the agency has established procedures to provide disabled residents equal opportunity to participated in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment.

The auditor was provided with a list of targeted residents. There were no targeted residents to interview.

If there were targeted residents' policy reviews requires these items for targeted residents:

- Effective communication with residents who are deaf or hard of hearing.
- Access to Interpreters.
- Written materials provided in formats for residents.
- Effective communication for residents with disabilities, including intellectual disabilities, limited reading skills, or who are blind or have low vision.

Interviews: Agency Head - Q:11 / Resident (with disabilities or who limited English proficient) - Q: 1, 2, 3

Interviewed Agency Head confirmed that the agency has established procedures to provide residents with disabilities and residents who are limited English proficient equal opportunity to participate in and benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. The agency has all documents in Spanish, signs in the program are in Spanish, Spanish speaking staff in some of the programs, and would use a translating service if needed. If residents are unable to read, the facility has staff read and review all PREA information with residents in person.

During the site visit there were no residents at the facility who were limited English Proficient (LEP) for the non-certified assistant to interview regarding did the facility provided information about sexual abuse and sexual harassment that they are able to understand. Whether the facility provided them with someone to help them read, write, speak, or to explain things to them if they need help. And whether this person helps them understand information about their rights in the facility.

Observation & Test of Critical Functions (Videos, Informal Conversations,

Site Reviews):

During the site visit the auditor had an informal conversation with the PREA Coordinator regarding targeted residents. The PREA Coordinator indicated that if a resident with disabilities needs assistance the following may occur: Literacy, Impaired Comprehension, Limited English Proficiency, and Residents who can not read due to blindness. Staff indicated that they are aware of any special needs of residents.

Corrective Action: None**Provision Findings:**

A review of the appropriate documents to include the facility PAQ, interviews and informal conversations with staff and residents, and a review of relevant policies corroborate that the facility is complying with the provisions of this standard.

Reasoning and Analysis by Provision**115.216 (b)**

The agency shall take reasonable steps to ensure meaningful access to all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment to Residents who are limited English proficient, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Does the agency take reasonable steps to ensure meaningful access to all aspects of the agency's efforts to prevent, detect, detect, and respond to sexual abuse and sexual harassment to residents who are limited English proficient; the facility response was yes.

Based on documentation the agency has established procedures to provide residents with limited English proficiency equal opportunity to participate in and benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment.

TCI Policy American with Disabilities Policy and Procedure section 4.0, the agency will take appropriate steps to ensure that clients with disabilities have an equal opportunity to participate in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment. 115.216 (c)

The agency shall not rely on resident interpreters, resident readers, other types of resident assistants except in limited circumstances where an extended delay is obtaining an effective interpreter could compromise the resident’s safety, the performance of first-response duties under 115.264, or the investigation of the resident’s allegations.

Review of Documents:

Based on a review of information the facility provided in the PAQ, in the past 12 months, the number of instance where resident interpreters, readers, or other types

of resident assistants have been used and it was not the case that an extended delay in obtaining another interpreter could compromise the residents' safety, the performance of first-response duties under 115.264, or the investigation of the resident's allegations; the facility response was 0.

Agency practice indicated that the facility does not rely on resident interpreters, resident readers, other types of resident assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the resident's safety, the performance of first-response duties or investigation.

Interviews: Random Sample of Staff - Q:9 / Residents (with disabilities or who are limited English proficient) - Q: 1,2, 3

A total of five random staff were interviewed. Three Black females, One White female, and One Black male. They work the 1st, 2nd and 3rd shifts. Five confirmed that the agency ever allows the use of resident interpreters, resident readers, or other types of resident assistants to assist with limited English proficiency when making an allegation of sexual abuse or sexual harassment. All staff refer to the agency interpreter contract and some report that the interpreter comes to the facility. To the best of their knowledge no residents were used as an interpreter for another resident regarding PREA issues.

During the onsite there were no resident who are limited English to interview.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Based on informal conversations with the Program Manager, the facility prohibits the use of resident interpreters, resident readers and other types of resident assistants regarding PREA. For clients that are limited English speaking, the facility provides translating services to complete the intake, assessment and any medical related issue/concerns.

Corrective Action: None

Provision Findings:

A review of the appropriate documents to include the facility PAQ, interviews and informal conversations with staff and residents, and a review of relevant policies corroborate that the facility is complying with the provisions of this standard.

The agency shall consider any incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor, who may have contact with Residents.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Does the agency consider any incidents of sexual harassment in determining whether to hire or promote anyone who may have contact with residents; the facility response was yes.

TCI Policy Hiring Contracted Services 4.0: Individuals contracted with the agency shall be able demonstrate the possession of the qualifications necessary to perform work. The agency prohibits contracting with individuals that has been or is:

- A service recipient of a TCI program within one (1) calendar year prior to the start of services.
- A current service recipient of agency services within the geographical area where services will be provided.
- Current/ongoing criminal sanction: Current parole stipulations; current probation stipulations.
- Current illegal use of drugs
- Current suspension of certification/licensure as related to the position.

Documentation review indicated that the facility considers any and all incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor, who may have contact with residents.

It also indicated that all individuals and contractors should have a criminal background check completed prior to having contact with any resident. Any individual or contractor involved in sexual misconduct in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent shall not be enlisted to provide services to any residents.

Interviews: Administrative (Human Resources) Staff - Q:2

Before hiring new employees, who may have contact with Residents, the agency shall:

- Perform a criminal background records check; and
- Consistent with Federal, State, and local law, make its best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse.

Review of Documents:

Based on a review of information the facility provided in the PAQ, in the past 12 months, the number of people hired who may have contact with residents who have had criminal background record checks; the facility response was 18.

TCI Policy Background Check Policy and Procedure section 4.0, to determine the appropriateness of prospective employees and fitness of current employees who will be working with children/ and/or other vulnerable populations, The Connection's screening procedures shall include appropriate, legally permissible, and mandated reviews of the following: federal and state criminal history records; civil child abuse and neglect registries; and confidential consumer reports. These records will be reviewed for prospective employees prior to hire, and for current employees every five years or as deemed appropriate.

Documentation review requires that before it hires any new employees who may have contact with residents, conducts criminal background record checks, consistent with federal, state, and local law, makes its best efforts to contact all prior institutional employees for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an allegation of sexual abuse.

The auditor develops an Employee Data Sheet to capture the following information: Employee Name, Hire Date, Initial Background Check Date, Clearance Status and the letter to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any resignation during a pending investigation of an

allegation of sexual abuse.

The Background Screening Reports/Confidential Background Verification included the following searches:

- Statewide Criminal Search in Connecticut
- Motor Vehicle Report in Connecticut
- Education Verification
- National Federal Criminal Search
- State Sex Offender Search
- Office of Inspector General
- National Sex Offender Registry
- Court Search Record

The documentation review of 18 staff confirmed that 18 out of 18 received the initial Background Checks.

The information that the agency requested in the letter sent to prior institutional employers included the following language.

“A former employee of yours, is being considered for employment with The Connection. Our agency is required to abide by the Prison Rape Elimination Act of 2023 for our community confinement programs. The Act states that The Connection is required to be consistent with Federal, State, and local laws and make it best effort to contact all prior institutional employers for information on substantiated allegations of sexual abuse/harassment or any resignation during a pending investigation of an allegation of sexual abuse/harassment. Has the applicant named above been terminated from your company/agency for substantiated allegations of sexual abuse/harassment or resigned during a pending investigation of an allegation of sexual abuse/harassment?”

The documentation review of 18 staff indicated that of the 18 staff, 15 letters were sent to prior institutional employers requesting information.

Interviews: Administrative (Human Resources) Staff - Q: 1

Interviewed Human Resources Staff confirmed that the facility performs criminal record background checks and consider pertinent civil or administrative adjudications for all newly hired employees. To the extent the agency is responsible for investigating allegations of sexual abuse, the agency shall follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: If the agency is responsible for investigating allegations of sexual abuse, does the agency follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions; the facility response was yes.

TCI Policy PREA Review Policy and Procedure section 4.0, The PREA coordinator will conduct an administrative review of any and all allegations of sexual abuse and sexual harassment, regardless of the origin of the allegation, at all designated PREA programs. This information will be forwarded to pertinent parties, including but not limited to, the State of Connection Department of Correction (DOC), Parole Services, and/or Court Support Services Division (CSSD) for review and potential sanctions for alleged perpetrators. The Connection will not conduct PREA criminal investigations. All PREA allegations resulting in potential criminal behavior will be referred to by the Connecticut State Police for investigation.

The agency follows a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence.

Policy reviews also indicated that upon learning of an allegation that a resident was physically or sexually abused, the first staff member to respond to the report is required to:

- Immediately separate the victim and the alleged abuser.
- Determine the safety of the client and, if need be, contact emergency medical services (call 911).
- Preserve and protect any crime scene until appropriate steps can be taken to

collect evidence.

- If the abuse occurs within a time period that allows for the collection of physical evidence, staff will request that the alleged victims (s) and/or abuser (s) not take any actions that could destroy physical evidence. This includes, but is not limited to:

- o Washing
- o Brushing Teeth
- o Changing Clothes
- o Urinating
- o Defecating
- o Smoking
- o Drinking
- o Eating

Documentation of investigation policy review confirmed that the agency is responsible for conducting administrative sexual abuse investigations including resident-on-resident sexual abuse or staff sexual misconduct. The agency PREA coordinator is responsible for conducting administrative sexual abuse. The agency is not responsible for conducting criminal sexual abuse investigations including resident-on-resident sexual abuse or staff sexual misconduct. The Connecticut State Police or DOC is responsible for conducting criminal investigations. Each agency follows a uniform evidence protocol.

The auditor reviewed a letter dated June 12, 2025, sent by the Agency PREA Coordinator for the attention of the CT State Police Department requesting and sharing the required information for the PREA standards to comply with. The content of the letter discussed PREA standard 115.221 Evidence protocol and Forensic Medical Examinations procedures.

The auditor reviewed the Uniform Evidence Protocol. This document included the following information:

- Date and Location of Incident
- Staff Assigned to Evidence Collection
- Secure the Scene - Maintain any crime scene using DOC 16-358 Crime Scene Security Log and DOC 16-357 Crime Scene Containment/Preservation/Processing Checklist. It also included, do not allow the area to be cleaned; Take photographs or video if possible; Obtain video surveillance footage; Identify staff involved/witnesses and obtain incidents reports; Identify offender witnesses; Identify offenders who were in the area.

- Collect Clothing and Other Physical Evidence Using Standard Precautions
- Handle Evidence Intended for Law Enforcement that is not Signed Over at the Time of the Incident
- Search for Cells of Involved Offenders
- Secure Evidence
- Notes

Interviews: Random Sample of Staff - Q:10, 12

A total of five random staff were interviewed. Three Black females, One White female, and One Black male. They work the 1st, 2nd and 3rd shifts. Five confirmed that they know and understand the agency's protocol for obtaining usable physical evidence if a resident alleges sexual abuse. They report that if they are the first person to be alerted that a resident has allegedly been the victim of sexual abuse, their responsibility in this situation would be to separate the victim from the abuser, close off the area where it takes place, do not let the victim and abuser brush their teeth, drink, use the bathroom, and change clothing. Staff would call 911 if medical staff is needed and their supervisor. Staff also reported to the State Police, DOC PREA Investigation Unit or the Agency PREA Coordinator conducts PREA investigations.

A total of five random staff were interviewed. Three Black females, One White female, and One Black male. They work the 1st, 2nd and 3rd shifts. The agency shall attempt to make available to the victim advocate from a rape crisis center. If a rape crisis center is not available to provided victim advocates services, the agency shall make available to provide these services a qualified staff member from a community-based organization, or a qualified agency staff member. Agencies shall document efforts to secure services from rape crisis centers. To this standard, a rape crisis center refers to an entity that provides intervention and related assistance, such as the services specified in 42 U.S.C. 1400043, to victims of sexual assault of all ages. The agency may utilize a rape crisis center that is part of

a governmental unit if the center is not part of the criminal justice system and offers a comparable level of confidentiality as a nongovernmental entity that provides similar victim services.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Does the agency attempt to make available to the victim a victim advocate from a rape crisis centers the facility response; the facility response was yes.

The facility attempts to make available to the victim a victim advocate from a rape crisis center. The agency has a Memorandum of Agreement (MOA) between The Connection Inc, and The Connecticut Alliance to End Sexual Violence. As documentation the agency provided a copy of the MOA. A review of the MOA confirmed that the Connecticut Alliance to End sexual Violence local facility will provide a victim advocate if requested by the victim. The MOA stated that “whereas TCI is in need of resources and services to address the needs of housed clients who disclose sexual assault either while in the program’s custody, or prior to admission into a facility with access to outside victim advocates.

Interviews: PREA Coordinator - Q: 17, 18 / Residents who Reported a Sexual Abuse - Q: 9

Interviewed PREA Coordinator was asked if requested by the victim, does a victim advocate, qualified agency staff member, or qualified community-based organization staff member accompany and provide emotional support, crisis intervention, information, and referrals during the forensic medical examination process and investigatory interviews? Staff indicated yes, if requested by the client, a qualified agency staff member will accompany the client to the hospital, however, in most cases staff will assist the client in requesting a victim advocate by providing information and phone number for The Alliance to End Sexual Violence. The State of Connecticut provides guidelines for the health care response to victims of sexual assault based on State Statutes and Senate Bills which includes providing a victim advocate at the hospital.

Interviewed PREA Coordinator was asked in what ways does the agency or facility attempt to make available a victim advocate from a rape crisis center? Staff indicated that the agency provides The Alliance information to clients at intake, in the client handbook, and have the hotline number posted throughout the program. When an allegation occurs, the facility notifies the client of the services available and if they need assistance calling, staff will assist. If the client is taken to a hospital, then the hospital has the same requirements to provide victim advocates.

During the site visit there were no residents who reported sexual abuse to respond to the following question. When you reported sexual abuse, did the facility allow you to contact anyone?

- Who was that person?

- Do you know what office they were from?
- How did that person assist you?
- Is that person still available to you?

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

On July 18, 2025, at 9:04am, during the post-audit phase, the auditor called the Connecticut Alliance to End Sexual Violence the statewide emotional support services number to test its functions. The auditor uses his cell phone and dials the toll-free number. The call went to the statewide office. The person that answered the phone asked for the auditor's reason for calling. The auditor informed the person that he was a Certified PREA auditor and was testing the statewide toll-free number. The auditor asked the staff to explain the process when a resident calls this number and how they receive emotional support services. The staff indicated that they would talk to the residents and forward the call to the zip code where the facility is located. Connecticut Alliance to End Sexual violence is a statewide coalition of individual sexual assault crisis programs. There are nine local rape crisis centers that provide emotional support services statewide. Staff also indicated that they provide services at the local hospital if requested the resident.

The auditor phone call was followed up by an email from Connecticut Alliance to End Sexual Violence on July 18, 2025, at 11:16am. The auditor methodology is used to determine investigations sample: Twenty or less the auditor reviews at least 10 files. Twenty-one or more the auditor reviewed 10 plus an additional 10 percent of the remaining files.

Interviews: Agency Head - Q: 3, 4

Interviewed Agency Head confirmed that the agency does ensure that an administrative or criminal investigation is completed for all allegations of sexual abuse or sexual harassment. The agency has a designated PREA coordinator who monitors all administrative and criminal investigations into sexual abuse. At the end of all investigations the PREA coordinator submits a detailed report of the entire incident including the investigation portion. Criminal investigations are handed off to the State Police or controlling the police department of the area where the incident occurs. Administrative investigations are done as an internal collaborative effort. These investigations include the Human Resource Department, the agency leadership and the PREA coordinator.

During the intake process, Residents shall receive information explaining the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment, their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents.

Review of Documents:

Based on a review of information the facility provided in the PAQ, the number of residents admitted during the past 12 months who were given this information at intake; the facility response was 230.

The Connection Policy, PREA: Training and Education, requires the PREA coordinator to be responsible for enforcing the policy related to training and to ensure that staff, contractors, volunteers, visitors, and residents receive PREA training and education. It also requires that program staff are responsible for ensuring that residents, contractors, volunteers, and visitors receive PREA Training and education.

Residents do receive information at the time of intake about the zero-tolerance policy as required by the standard.

TCI policy also included residents' education by:

- At the time of intake, provide clients information about the zero-tolerance policy, how to report incidents or suspicions of sexual abuse or sexual harassment, their right to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for reporting sexual abuse and sexual harassment.

The residents received the intake information through brochures and Intake

package. The facility has the following brochures in English and Spanish title “The Connection – The Client Guide To PREA”.

The auditor has reviewed the above brochure and has a copy to upload in the PREA system. The PREA brochures are given the same day of arrival. Based on documentation review of resident’s signature and date on the Zero-Tolerance Policy for Sexual Harassment & Sexual Abuse Acknowledgement statement collaborated that the residents are receiving the PREA information.

The following are notes from the auditor’s review of residents’ PREA brochure.

- You have the right to a safe environment, free from sexual abuse and sexual harassment.
- PREA standards for Prison Rape Elimination Act, a federal law designed to prevent, reduce, and eliminate the sexual abuse and harassment of our clients.
- PREA provides us with a set of standards that all employees are required to keep clients safe and supported.
- The Connection has a zero-tolerance policy for sexual abuse and sexual harassment of clients. It is your right to be safe in our program.
- If you report sexual abuse or harassment, we are required to investigate it, even if it didn’t happen in our program.
- The Connection has zero tolerance policy for retaliation for any individual making an allegation.
- What is sexual abuse?
- What is sexual harassment?
- Remember- a client can never consent to sexual activities with staff.
- Have you been sexually abused or harassed? Then you need to know this important information....
 - o You can report your experience to any staff member, no matter how long ago it happened.
 - o It is your choice to accept medical care, mental health treatment, or press criminal charges.
 - o The staff you report to is required by law to share your report with The Connection’s PREA Coordinator. They are also required to share your report with your parole or probation officer and the DOC and CSSD PREA Coordinators.
 - o Connection will respond to all allegations or suspicions of sexual abuse or harassment with a thorough and timely investigation.
 - o Connection is committed to providing you with the support you need.

- Services Offered for free by Connecticut Alliance to End Sexual Violence:

- o Victim Advocate & Education on victims' rights
- o STD Testing
- o Sexual Assaults Counseling
- o Sexual Assault Support Groups
- o Sexual Assault Crisis Program

- Remember, sexual abuse and harassment are not part of your sentence, and it is never too late to report. You can report abuse to all program staff/interns/volunteers or PREA coordinator – either in person, over the phone, or in a letter.

A documentation review from 38 resident's intake file information was selected by the PREA Auditor using the facility residents' roster with Resident Name, ID Number, Admission Date, Commitment, and Offense (s). The selected information was placed on a spreadsheet that included race, arrival date and year, intake orientation date, PREA Education date. Copies of the individual documentation for each resident were copied for uploading into the PREA system.

The resident's documentation review collaborated that the resident received the required PREA intake materials and PREA education. Based on the documentation review of 38 residents' signatures and date the following is reported:

- Intake Packet Single Acknowledgement, which included Youth Rights as Client of The Connection; Complaint/Grievance Process; and Notice of Privacy Practices. 37 were completed.

- Zero-Tolerance Policy for Sexual Harassment & Sexual Abuse Acknowledgements, which included PREA Coordinator information; Department of Correction PREA Investigation Unit Hotline; and Connecticut Alliance to End Sexual Violence Hotline. 35 were completed.

The PREA Checklist confirmed that residents did receive the PREA Education information. The PREA Checklist included the following PREA information:

- PREA Posters and Contact/Reporting to the client.
- Zero-Tolerance policy regarding sexual harassment and sexual abuse.
- Your right to be free from sexual harassment or sexual abuse.
- How to report incidents or suspicions of sexual harassment or sexual abuse.
- Your right to be free from retaliation for reporting incidents of sexual harassment and sexual abuse, and
- TCI's policies and procedures for responding to incidents of sexual harassment and sexual accountability.

Interviews: Intake Staff - Q: 1, 3 / Resident Interview Questionnaire - Q: 4, 5

Intake Staff was asking do you provide residents with information about the zero-tolerance policy and how to report incidents or suspicions of sexual abuse or sexual harassment? Staff indicated yes, this information is given at orientation during their first day at the facility. Staff ensure that all current residents, as well as those transferred from other facilities, have been educated on the agency's zero-tolerance policy. This information is also located in the resident handbook, on posters.

Staff also indicated that the facility ensure that residents are educated on their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting these incidents.

A total of ten random residents were interviewed. Five Blacks, Three Whites and Two Hispanics, they were asked when you first came to this facility, did you get information regarding the facility's rules against sexual abuse and sexual harassment? Ten (10) indicated that they received a handbook and other paperwork with PREA information.

A total of ten random residents were interviewed. Five Blacks, Three Whites and Two Hispanics, they were asked when you came to this facility, were you told about:

- Your right to not be sexually abused or sexually harassed? Ten indicated yes.
- How to report sexual abuse or sexual harassment? Ten indicated yes.
- Your right not to be punished for reporting sexual abuse or sexual harassment? Ten indicated yes.
- About how long after coming here did you get the information above? Ten indicated the same day during orientation. Most said within two hours.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Informal conversations with the Program Director confirmed that the Admission Specialist conducts the intake orientation. This was confirmed during the facility tour of the Admission Specialist while visiting their area.

Based on informal conversations with the intake staff, when conducting the PREA orientation staff go over the zero-tolerance policy with the residents. There is a portion of the brochure that covers definitions and how to report allegations of sexual abuse, sexual harassment and suspicions of sexual abuse or sexual harassment. Intake staff confirmed that the residents and staff answer questions if needed. Intake staff confirmed that all residents as well as those transferred from other facilities received PREA information on the agency's zero tolerance policy on sexual abuse or sexual harassment as all other residents entering the facility by giving them the PREA brochure.

During the facility onsite visit the Admission Specialist was asked to demonstrate the intake process by walking the auditor through the process. Staff was in the office, the PREA information was on the table/desk in English and Spanish. The brochure titled The Connection – The Client Guide To PREA” states you have the right to a safe environment, free from sexual abuse and harassment, and the PREA flyer with the outside services information.

The auditor reviewed the PREA Posters and Brochures that were on the staff intake desk, they are written on the 5th - grade level. The brochure is written in everyday street language, uses short sentences that are understandable, and does not use language that requires a high-level of education to read and comprehend. This was confirmed with a phone conversation with the Agency PREA Coordinator.

his was also corroborated by the auditor running the PREA Brochures through a grammar program that tells the reading level of the educational materials which rated the reading grade levels as 5th. If the residents have a cognitive or intelligence disability the Intake staff would read the PREA materials to the residents or request assistance from a case manager. During the site review the auditor had an informal conversation with the case manager.

The auditor had an informal conversation with the Admission Specialist regarding intakes with residents who are Limited English Proficient (LEP) and determine there was none during the onsite period. During the facility onsite visit, the auditor asks the Admission Specialist who conducts resident’s intake orientation, how do or would you communicate with the LEP residents. The Admission Specialist explains that they use the services of Language Services Contract, Interpreters and Translators, Inc. (ITI) and TCI. The PREA coordinator provides the auditor with a copy of the contract. The auditor tests the Language Services Line.

The agency shall provide resident education in formats accessible to all Residents, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to Residents who have limited reading skills.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Does the agency provide resident education in formats accessible to all residents, including those who Are limited

English proficient; the facility response yes.

TCI Policy American with Disabilities Policy and Procedure section 7.0 Procedures 2: To ensure effective communication with clients/residents who are deaf or hard of hearing, TCI will provide access to interpreters who can interpret effectively, and impartially both receptively and expressively, using any necessary specialized vocabulary. 3: The agency shall ensure that written materials are provided in formats or through methods that ensure effective communication with clients/residents with disabilities, including residents who have intellectual disabilities, limited reading skills, or who are blind or have low vision.

The facility has resident PREA education available in formats accessible to all residents, including those who are limited English proficient.

The auditor reviewed the PREA Posters and Brochures that were on the intake staff desk, they are written on the 5th - grade level and in English and Spanish. The brochure is written in everyday street language, uses short sentences that are understandable, and does not use language that requires a high-level of education to read and comprehend. This was confirmed with a phone conversation with the Agency PREA Coordinator. The PREA coordinator confirmed that the PREA Posters and Brochures were created with the intent of clients reading on the 5th grade level.

This was also collaborated by the auditor running the PREA Brochures through a grammar program that tells the reading level of the educational materials which rated the reading grade levels as 5th. If the residents have a cognitive or intelligence disability the Intake staff would read the PREA materials to the residents or request assistance from a mental health staff. During the site review the auditor had an informal conversation with the case manager.

A review of documentation that the agency has established procedures to provide disabled residents equal opportunity to participated in or benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment.

The auditor was requested to list of targeted residents. The facility did not have any during the onsite visit.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

During the facility on site visit, the auditor asks the Admission Specialist who conducts resident's intake orientation, how do they communicate with the LEP residents. The Admission Specialist explains that the PREA information is in English and Spanish, and that they use the services of Language Services Contract, Interpreters and Translators, Inc. (ITI) and TCI. The PREA coordinator provides the auditor with a copy of the contract. The auditor tests the Language Services Line.

During the facility onsite visit, all the residents had access to a facility telephone, however, all residents have personal cell phones. This was confirmed through

residents' formal conversations and facility staff.

The auditor tested the outside services by using the auditor's personal cell phone. The auditor dialed the posted number, and the call went to the outside agency. The auditor informed the outsider that he was conducting a PREA audit at the facility and was testing the line and services

During the site visit the auditor had an informal conversation with the PREA Coordinator regarding targeted residents. The PREA Coordinator indicated that if a resident with disabilities needs assistance the following may occur: Literacy, Impaired Comprehension, Limited English Proficiency, and Residents who cannot read due to blindness. Staff indicated that they are aware of any special needs of residents.

These measures include, but are not limited to, section 7.3.b Document and maintain signature confirmation that each client understands the training and education received. 7.4 Ensure contractor, volunteer, intern, and visitor education and training upon initial entry into the PREA program by:

- Notify individuals of the agency's zero tolerance policy regarding sexual abuse and sexual harassment.
- Inform individuals how to report such incidents.
- Document and maintain signature confirmation that the individual understands the training and education he or she received.

The agency/facility has maintained documentation of resident participation in PREA education sessions.

The resident's documentation review collaborated that the resident received the required PREA intake materials and PREA education. Based on the documentation review of 38 residents' signatures and date on the Zero-Tolerance Policy for Sexual Harassment and Sexual Abuse confirmed that residents did receive the PREA Education information, and it also serve as the facility required documentation of resident participation in the PREA session.

A review of the Zero-Tolerance Policy for Sexual Harassment and Sexual Abuse Acknowledgement included the following statements:

- I have been informed and understand that The Connection, Inc has a zero-tolerance policy toward all forms of sexual abuse and sexual harassment.
- I understand that all allegations of sexual abuse and sexual harassment will be taken seriously and investigated by the proper authorities.
- I understand that there will be no negative consequences for a client for reporting.
- I acknowledge that I have received the Client Guide to PREA.

The auditor reviews the Resident's Handbook Acknowledgment regarding rules, regulations, and guidelines of the facility. Based on the documentation review of 38 residents' signatures and date on the Resident Handbook Acknowledgement it confirmed that the residents received a handbook.

All Residents shall be assessed during an intake screening and upon transfer to another facility for their risk of being sexually abused by other Residents or sexually abusive toward other Residents.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Are all residents assessed during the intake screening for their risk of being sexually abused by other residents or sexually abusive toward other residents; the facility response was yes.

The Agency's PREA Policy, PREA: Prison Rape Elimination Act, Policy, and Procedure, in section 7.0, Program Manager, requires that the Program Manager is responsible for ensuring that preventive measures are followed at designated PREA programs and that includes administering a sexual risk victimization survey during intake and again within thirty (30) days. The assessment will be used to determine appropriate housing units for residents. Staff are required to keep a log of the room assignments of known victims and predators. The Program Manager will ensure that known victims and predators are not roomed together.

The agency has a policy that requires screening upon admission to a facility or transfer to another facility for risk of sexual abuse victimization or sexual abusiveness toward other residents.

The agency PREA Coordinator confirmed that the case managers are responsible for conducting the initial risk screening during intake orientation. This was further collaborated by the auditor reviewing the case manager signature and date on the Intake Orientation and Risk for Sexual Victimization or Abusiveness Tool.

Interviews: Staff Responsible for Risk Screening - Q: 1 / Resident Interview Questionnaire - Q: 7

Interviewed staff responsible for the initial PREA screening was ask do you screen residents upon admission to your facility or transfer from another facility for risk of sexual abuse victimization or sexual abusiveness toward other residents? Staff indicated yes that the initial assessment is completed as a part of the intake process.

A total of ten random residents were interviewed. Five Blacks, Three Whites and Two Hispanics, they were asked when you first came here, do you remember whether you were asked any questions like:

- Whether you have been in jail or prison before? Ten indicated yes.

- Whether you have ever been sexually abused? Ten indicated yes.
- Whether you identify as being gay, lesbian, or bisexual? Ten indicated yes.
- Whether you think you might be in danger of sexual abuse here? Ten indicated yes.
- When were you asked these questions? Ten indicated the first day during orientation or intake.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

During the facility tour of the case manager office, the auditor had informal conversations with the case manager that confirmed the initial risk screening is conducted by case managers. The auditor requested that the case manager conducts an initial risk screening to demonstrate the PREA screening process. Staff started by logging-in into the PREA screening software which is a computerized system and walked the auditor through the process. The screening process occurred in the case manager's office with the door closed. The auditor determined that the location of the screening ensured that as much privacy as possible is given to the residents in discussing potential sensitive information.

To ensure that the screening staff ask residents questions in a manner that fosters and sets the residents at ease, the auditor requested and received a paper copy of the PREA Introduction Script, PREA Client Self-Assessment Questionnaires, Staff Follow Up Questions and the Risk for Sexual Victimization or Abusiveness Tool. The auditor selected one question from the instrument. The question dealt with LGBTI. Staff demonstrated by using statement "Gay, Lesbian, Bi-sexual, Intersex, or Transgender". The statement was rephased by staff "Do you identify as Gay, Lesbian, Bisexual, Intersex or Transgender? Staff follow up questions, tell me about how you identify your gender and sexuality? This confirmed that the screening staff ask residents about their sexual orientation and gender identity directly.

During the risk screening demonstration, staff explained that the PREA screening information is collected by the agency assessment instrument called Risk for Sexual Victimization or Abusiveness Tool. The auditor reviewed a completed PREA screening tool and at the bottom of the page was the computerized rating/score that determined the risk of a resident's being sexually abused or being sexually abusive. There are additional sources of information that may be populated into the screening instrument to help determine risk levels that include additional Client Functional Assessments, Criminal and Addictive Thinking Assessments.

The case manager confirmed and explained that they completed the PREA Assessment on paper and then entered the information into the Client Management Database (CAMIS) which calculates the outcome of the assessment.

Intake screening shall ordinarily take place within 72 hours of arrival at the facility.

Review of Documents:

Based on a review of information the facility provided in the PAQ, the number of residents entering the facility (either through intake or transfer) within the past 12 months (whose length of stay in the facility was for 72 hours or more) who were screened for risk of sexual victimization or risk of sexual abusing other residents within 72 hours of their entry into the facility as 227.

The agency does require that residents be screened for risk of sexual victimization or risk of sexually abusing other residents within 72 hours or their intake.

Documentation review of the Risk for Sexual Victimization or Abusiveness Tool has instruction at the top of the page stating: To be completed within 72 hours of admission for all DOC/CSSD residents. Please complete the following questions based on the client's self-completed assessment, file review, and intake interview. Please tally the total points for all yes answers.

A documentation review of 38 residents was selected by the PREA Auditor from the resident's roster with Resident Name, ID, Room Bed Assignments, Admission Date, Commitment, Supervising Officer, and Offense (s). The selected information was placed on a spreadsheet that included race, arrival date year, initial PREA screening date and reassessment date. Copies of the individual documentation for each resident assessment were reviewed and uploaded into the PREA system. The documentation confirmed that all residents received the initial PREA screening within the required timeframe. Most of the initials were completed within the same day the resident arrived.

Residents' documentation confirmed that these residents received the initial PREA screenings. Of the 38 residents, 38 were completed in the 72-hour timeframe.

However, five 30-days re-assessments were not completed within the required timeframe. The Program Manager was notified.

The facility maintains and confirms documentation of resident's participation in PREA orientation and education by the resident signature and date on the Zero-Tolerance Policy for Sexual Harassment and Sexual Abuse Acknowledgements.

Interviews: Staff Responsible for Risk Screening - Q: 2 / Resident Interview Questionnaire - Q: 7

Interviewed staff responsible for the initial PREA screening collaborated that PREA screenings are completed within 24 hours of the resident's arriving at the facility. The screening is always conducted within 72 hours as required by policy.

A total of ten random residents were interviewed. Five Blacks, Three Whites and Two Hispanics, they were asked when you first came here, do you remember whether you were asked any questions like:

Such assessments shall be conducted using an objective screening instrument.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Are all PREA screening assessments conducted using an objective screening instrument; the facility response was yes.

The agency risk assessment is conducted using an objective screening instrument. The assessment process used by TCI programs consists of administering the Sexual Violence Assessment Tool.

The assessment process used by The Connection, Inc. PREA programs, consists of administering the PREA Resident Self-Assessment Questionnaire and the Risk for Sexual Victimization or Abusiveness Tool. These are administered in private, and

staff have been provided with a PREA Introduction Script to guide the instruction process and to explain the purpose of the assessment.

A review of the PREA Risk for Sexual Victimization or Abusiveness Tool and the PREA script gives instructions on scoring. The score results are displayed at the bottom right, indicating the offender's level of risk. The tool asks open and closed ended questions, along with a variety of questions that address victimization and abusiveness. Interviews: Staff Responsible for Risk Screening - Q: 3, 4

Interviewed staff responsible for the initial PREA screening that the above-mentioned areas are considered when conducting the screening. The auditor analysis of the PREA screening instrument, and it was confirmed that the above-mentioned questions were covered in the screening tool.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Review site review outlined in provision (a).

Within a set time, not to exceed 30 days from the resident's arrival at the facility, the facility will reassess the resident's risk of victimization or abusiveness based upon any additional, relevant information received by the facility since the intake screening.

Review of Documents:

Based on a review of information that the facility provided in the PAQ, the number of residents entering the facility (either through intake or transfer) within the past 12 months whose length of stay in the facility was for 30 days or more who were reassessed for their risk of sexual victimization or of being sexually abusive within 30 days after their arrival at the facility based upon any additional, relevant

information received since intake was 150.

TCI Policy PREA: Prison Rape Elimination Act Section 7.2: Administering a sexual risk victimization survey during intake and again within thirty days.

A documentation review of 38 residents was selected by the PREA Auditor from the resident's roster with Resident Name, ID, Room Bed Assignments, Admission Date, Commitment, Supervising Officer, and Offense (s). The selected information was placed on a spreadsheet that included race, arrival date year, initial PREA screening date and reassessment date. Of the 38 reassessments, 5 were not in the required timeframe. Copies of the individual documentation for each resident assessment were reviewed and uploaded into the PREA system.

A review of the Risk for Sexual Victimization or Abusiveness Tool is used for both the initial and the reassessment. At the bottom of the tool there are two categories' boxes one is check for initial assessment and second is check if the is a reassessment.

Interviews: Staff Responsible for Risk Screening - Q: 6 / Resident Interview Questionnaire - Q: 8

Interviewed staff responsible for the initial PREA screening asked how long after arrival resident's risk levels are reassessed? Staff indicated that reassessments are conducted within the 30-day timeframes.

A total of ten random residents were interviewed. Five Blacks, Three Whites and Two Hispanics reported that staff asked them the reassessments questions again, after the initial assessment questions. The case managers used the CSI form to conduct PREA reassessments.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Informational conversation with the Program Manager reported that the facility case manager position was vacant, and she tried to keep up with the 30-day reassessment, but a few went over the 30 days. However, the problem has been corrected by hiring and training the case manager on March 11, 2024. The auditor collaborated on this information by meeting with the case manager and asking her to demonstrate the reassessment process, which she clearly understands to include the importance of the required time frame. The auditor determined there was no need for additional corrective actions.

A resident's risk level shall be reassessed when warranted due to referral, request, incident of sexual abuse, or receipt of additional information that bears on the resident's risk of sexual victimization or abusiveness.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Does the facility reassess a resident's risk level when warranted due to a referral; the facility response was yes.

TCI Policy PREA: Prison Rape Elimination Act Section 7.2.C: Client's risk level will be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the resident's risk of sexual victimization or abusiveness.

The agency does require that a resident's risk level be reassessed when warranted due to any changes that may have bearing on the resident's risk of sexual victimization or abusiveness.

Interviews: Staff Responsible for Risk Screening - Q: 5 / Resident Interview Questionnaire - Q: 8

Interviewed staff responsible for the initial PREA screening collaborated that they reassess a resident's risk level as needed due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the resident's sexual victimization or abusiveness. This may be done before the 30 days, after the 30 days or whenever according to staff. A review of the reassessments included residents who have been victims or perpetrators of sexual abuse upon receipt of additional information.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Informal conversation with the agency PREA coordinator confirmed that the facility requires residents risk level be reassessed when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bears on the resident risk of sexual victimization or abusiveness. Staff use the same initial PREA Screening questions to conduct the reassessments.

Residents may not be disciplined for refusing to answer, or for not disclosing complete information in response to questions asked pursuant to paragraphs (d-1, 7, 8, 9) of this section.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Is it the case that residents are not ever disciplined for refusing to answer, or for not disclosing complete information in response to questions asked pursuant to paragraphs d-1,7,8 or 9 of this section; the facility response was yes.

TCI Policy PREA: Prison Rape Elimination Act Section 7.2.D: Disciplining clients for refusing to answer (or not disclosing complete information) the question during the assessment is prohibited.

The agency prohibits disciplining residents from refusing to answer or for not disclosing complete information related to questions in the PREA instrument or screenings.

The auditor documentation search of investigations, incident reports, grievances for and form of residents receiving disciplined actions for refusing to answer or for not disclosing PREA information was not found.

Interviews: Staff Responsible for Risk Screening - Q: 7

Interviewed staff responsible for the initial PREA screening confirmed that no residents are disciplined in any way for refusing to disclose or answer questions. They may place a note in a resident's file or may reassess and enter the data into the computer system. This was also confirmed by the Program Director during the facility tour that residents are not disciplined for refusing to disclose information.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Informal conversation with the agency PREA Coordinator confirmed that the facility prohibits disciplining residents for refusing to answer the questions regarding: Whether the resident has a mental, physical, or developmental disability. Whether or not the resident is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender non-conforming. Whether or not the residents have previously experienced sexual victimization, and the residents' own perception of vulnerability.

Information conversations with residents doing the facility tour collaborated that they have not been disciplined for refusing to answer or disclosing complete information for PREA related questions during the initial and reassessments.

The agency shall implement appropriate controls on the dissemination within the facility of responses to questions asked pursuant to this standard to ensure that sensitive information is not exploited to the resident's detriment by staff or other Residents.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Has the agency implemented appropriate controls on the dissemination within the facility of responses to questions asked pursuant to this standard in order to ensure that sensitive information is not exploited and is not exploited to the residents' detriment by staff or other residents; the facility response was yes.

The agency has implemented appropriate controls regarding dissemination of sensitive information.

The facility protects sensitive information through the computerized PREA screening system. The system is password protected. Staff that have access to the information can be tracked by the time and date of access to information. The information is checked and is disseminated to key staff and any additional staff on a case-by-case basis.

Interviews: PREA Coordinator - Q: 7 / Staff Responsible for Risk Screening - Q: 8

Interviewed PREA coordinator collaborated that the facility has outlined who should have access to a resident risk assessment within the facility to protect sensitive information from exploitation. The agency has a Client Rights and Confidentiality Policy and Procedure which includes the requirements of staff under the HIPAA laws (minimum necessary to complete their job) and Records and Documentation Procedures for each program. Intake, Case Managers, Program Director, investigators, and the PREA Coordinator have access to the PREA information. Staff are instructed through PREA training that any information obtained is limited to a need-to-know basis for staff, and only for the purpose of treatment, security, and management decisions, information as housing, work, education, and programming assignments. Information is not to be indiscriminately discussed. The administration monitors and takes immediate action if any sensitive information is exploited.

Interviewed staff responsible for the initial PREA screening collaborated that the facility outlined who can have access to a resident's risk assessment within the facility to protect sensitive information from exploitation. This includes the Investigators, Program Director, Case manager, and a need-to-know basis.

The agency shall use information from the risk screening required by standard 115.241 to inform housing, bed, work, education, and program assignments with the goal of keeping separate those Residents at elevated risk of being sexually victimized from those at elevated risk of being sexually abusive.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Does the agency use information from the risk screening required by 115.241, with the goal of keeping those residents separated at high risk of being sexually victimized from those at high risk of being sexually abusive, to inform: Housing Assignments; the facility response was yes.

The Connection Policy, PREA: Prison Rape Elimination Act Policy and Procedure section 7.0, Responsibilities, Program Manager, states that preventive measures include administering the sexual risk victimization survey during intake and again within thirty days and that this assessment will be used to determine appropriate housing units for residents. Too, staff are required to keep a log of the room assignments of known victims and predators.

The agency uses information from the risk screening to inform housing, bed, work, education, with the goal of keeping those residents at high risk of being sexually victimized separate from those at high risk of being sexually abusive.

The facility uses PREA information to make determinations for all residents regarding housing, bed, work, education, and program assignments. The information is used to maintain separation between residents at risk of being sexually victimized and residents likely to commit sexual abuse. The facility's physical layout is also considered in the determinations of housing. The auditor confirmed the physical layout during the facility tour and reviewed the facility layout.

Documentation review of the PREA Assessment Spread Sheet submitted by the agency included and confirmed, the client's name; Staff Completing Assessment; Program; 30 Day Reassessment; Assessment Date; Potential Victim; Potential Predatory; Victim Scoring; Predator Scoring; and Housing Arrangement.

Interviews: PREA Coordinator - Q: 6 / Staff Responsible for Risk Screening - Q: 9

The interviewed PREA coordinator collaborated that the facility uses information from risk screening during intake to keep residents from being sexually victimized or being sexually abusive. The PREA risk screening application uses a scoring system depending on how a resident answers the questions and it provides an automatic score representing risk levels of victims and abusers. This information is used to keep the victims' ways from the abusers. A review of the PREA Risk Screening section "Victim Scoring Guide" and "Predator Scoring Guide" information along with reviewing the completed assessment with the computerized automatic scoring indicated the following:

Victim Scoring Guide:

- Known Victim
- Potential Victim
- Low Victimization Risk

Predator Scoring Guide:

- Known Predator
- Potential Predator
- Low Victimization Risk

Interviewed staff responsible for the initial PREA screening collaborated that the initial PREA screening during intake is to keep residents safe from being sexually victimized or from being sexually abusive. Staff confirmed that it is up to the management team to place residents on programs, work, and housing assignments. However, they do have input on assignments.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews): N/A

Informal conversations with the agency PREA coordinator explain that the practice is to use the information from the Sexual Violence Assessment Tool to determine bed, work, education and program assignments so that residents at risk of sexual victimization are kept separate from residents with high risk of being sexually abusive. This is done on a case-by-case basis. Room and program assignments for transgendered or intersexed residents are also completed on a case-by-case basis. Decisions are made after a conversation with the residents about their preferences and safety. Room selection is also determined by what rooms are available, but room changes of existing residents may occur.

The Connection Policy, PREA: Prison Rape Elimination Act Policy and Procedure section 7.0, Responsibilities, Program Manager, states the agency/facility makes individualized determinations about how to ensure that safety of each resident. The agency/facility makes housing and program assignments for transgender or intersex Residents in the facility on a case-by-case basis.

The Connection Policy First Responders to a PREA Incident section 6.0, staff will only reveal PREA information to the individuals. Any other information will only be disseminated to individuals necessary to make treatment, investigation, and other security or management decisions.

The agency makes individualized determinations about how to ensure the safety of each resident.

Interviews: Staff Responsible for Risk Screening - Q: 9

Interviewed staff who perform PREA screenings confirmed that the facility uses information from the risk screening during intake to keep residents safe from being sexually victimized or from being sexually abusive. Staff reported that the initial PREA screen is entered into the automated PREA Screening system. This tool processes ratings which help to determine housing the residents will be assigned or programming, education, and work area.

In deciding whether to assign a transgender or intersex resident to a facility for male or female Residents, and in making other housing and programming assignments, the agency shall consider on a case-by-case basis whether a placement would ensure the Residents health and safety, and whether the placement would present management or security problems.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: When deciding whether to assign a transgender or intersex resident to a facility for male or female residents, does the agency consider on a Case-by-case basis whether a placement would ensure the resident's health and safety, and whether a placement would present management or security problems; the facility response was yes.

In deciding whether to assign a transgender or intersex resident to a facility for male or female resident, the agency consider on a case-by-case basis along with the funding agency whether the placement would ensure the residents' health and safety.

Interviews: PREA Coordinator - Q: 8, 9, 10 / Transgender/Intersex Residents - Q: 1, 2

Interviewed PREA Coordinator confirmed that prior to a resident arriving at the program, program leadership and the funding agency have a discussion to confirm that this is the best fit and safest location for the resident. When the resident arrives, program staff have a conversation with the resident to find out how the program can accommodate the resident so that the resident is and feels safe. If the accommodation is not possible then program leadership will discuss with DOC a solution or transfer to another program for the resident.

The interviewed PREA Coordinator also confirmed that the program completes a PREA Risk Assessment which looks at both protective and risk factors and the outcome determines housing. A known predator will not be housed with a known victim. Prior to a client identified above arriving at the program, program leadership and the funding agency have a discussion to confirm that this is the best fit. The agency does consider whether the placement would present the present management or security.

During the onsite visit there were no Transgenders or Intersex residents at the facility to confirmed if they felt safe at this facility and whether their views concerning safety are given serious consideration. Have they been put in a housing area only for transgender or intersex residents; as well as do they have any reason to believe that they were strip-searched for the sole purpose of determining their genital status.

During the onsite visit there were no Transgenders or Intersex residents at the

facility to confirmed if they felt safe at this facility and whether their views concerning safety are given serious consideration.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Informal conversations with the Program Director indicated that prior to a resident to include transgender or intersex residents arriving at the program, program leadership and the funding agency (DOC) have a discussion to confirm that this is the best fit regarding health and safest location for the resident. When the resident arrives, the program can accommodate the resident so that the resident is and feels safe. If the accommodation is possible then the program will comply and if the accommodation is not possible then the program leadership will discuss with DOC a solution or transfer to another program for the residents. Abusive residents are not housed with a known victim or a vulnerable resident.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Are each transgender or intersex resident's own views with respect to his or her own safety given serious consideration when making facility and housing placement decisions and programming assignments; the facility response was yes.

The agency considers transgender or intersex resident's own view with respect to his or her own safety.

The auditor reviews the PREA Client Self-Assessment Questionnaire and the Staff Follow Up Questions. The questions that meet the provision of the standards that are asked for, each resident, are as follows:

- Did you ever feel like you were harassed or bullied while in jail/prison? (PREA Client Self-Assessment Questions).
- Please tell me about the times when you felt like you were harassed or bullied while in jail/prison? (Staff Follow Up Questions)

- Do you feel like you will be targeted for physical or sexual violence while you are in this program? (PREA Client Self-Assessment Questionnaire).
- Tell me about your concerns about being safe in this program. (Staff Follow Up Question).
- Do you identify as Gay, Lesbian, Bisexual, Intersex, or Transgender? (PREA Client Self-Assessment Questionnaire).
- Tell me about how you identify your gender and sexuality.

Interviews: PREA Coordinator - Q:11 / Staff Responsible for Risk Screening - Q: 10 / Transgender and Intersex Residents - Q: 1

Interviewed PREA coordinator confirmed that transgender and intersex resident views with respect to his or her own safety are given serious consideration in placement and programming assignments. When the facility receives a transgender or intersex residents, the facility would meet with each transgender or intersex coming into the facility and the resident would be asked if they felt vulnerable and if so, what the facility might do to make them feel safer.

Interviewed staff responsible for the initial PREA screening collaborated that residents' views of their own safety are considered specially when it comes to showering, using the toilet or housing.

During the onsite visit there were no Transgenders or Intersex residents at the facility to confirm if they felt safe at this facility and whether their views concerning safety are given serious consideration

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Transgender and intersex Residents shall be given the opportunity to shower

separately from other Residents.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Are transgender and intersex residents given the opportunity to shower separately from other residents; the facility response was yes.

The agency provides transgender and intersex residents with the option to shower separately from other residents.

The facility has a practice in place that ensures transgenders and intersex residents are given the opportunity to shower separately. During the onsite tour, the auditor observed the facility shower area. The shower area has five individual stalls with PREA shower curtains. The facility only allows one resident to stay in the shower room at a time, which allows the residents to shower separately from other residents.

Interviews: PREA Coordinator - Q:12 / Staff Responsible for Risk Screening - Q: 11 / Transgender/Intersex Residents - Q:3

Interviewed staff responsible for the initial PREA screening collaborated that the residents' views for their own safety would be given serious consideration. They also stated if the residents requested shower separately because of safety and personal issues, the facility would strive to arrange that. Housing assignments for each transgender and intersex residents would be made, according to staff, based on the PREA assessment and the residents' feelings regarding safety.

Interviewed PREA coordinator confirmed that Transgender or Intersex residents are given an opportunity to shower separately from other residents; they are allowed to shower individual when other residents are in their rooms. While the resident utilizes the shower, the shower will be closed to other residents. If a bigger program, then it is typically the shower that the entrance can be monitored by staff. If the program has single showers, then the client will utilize it. The client is informed to notify staff prior to showering so staff can monitor the entrance.

During the onsite visit there were no Transgenders or Intersex residents at the facility to confirmed if they are allowed to shower without other residents.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

The facility has a practice in place that ensures transgenders and intersex residents are given the opportunity to shower separately. During the onsite tour, the auditor observed the facility shower area. The shower area has two stalls with doors/ curtains. The facility only allows one resident to the shower stall at a time, which allows the residents to shower separately from other residents.

During the onsite tour, the auditor observed the facility areas where residents may be in a state of undress, showers, toilet, and changing of clothing. The areas

observed were housing units, showers, and bathrooms. The showers are in a community area with individual stalls with PREA friendly shower doors. The toilets are in a community bathroom with individual stalls.

There were no transgender or intersex residents located at the facility during the audit period. However, the auditor did have informal conversation with other residents regarding showering separately, and both residents indicate that they do shower separately, and the door is closed.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Unless placement is in a dedicated facility, unit, or wing established in connection with a consent decree, legal settlement, or legal judgment for the purpose of protecting lesbian, gay, bisexual, transgender, or intersex residents, does the agency always refrain from placing: Lesbian, gay, and bisexual residents in dedicated facilities, units, or wings solely on the basis of such identification or status; the facility response was yes.

The agency does not place lesbian, gay, bisexual, transgender, or intersex residents in dedicated housing.

The auditor requested any consent decree, legal settlement, or legal judgement requiring the facility to establish a dedicated facility, unit, or wing for LGBTI residents, and any documentation of housing if there was a consent decree, legal settlement, or legal judgement. The Program Director confirmed none.

The auditor further confirmed by conducting an internet search for consent decrees, legal settlements, and legal judgements for this facility. The search results were none founded.

The Pre-Audit Questionnaire (PAQ) Indicated: Is the agency exempt from this standard; the facility response was yes. This does not mean the agency is exempt simply because a resident does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse.

TCI Policy Client Compliant/Grievance Policy and Procedure section 1.0, the purpose of the Client Complaint/Grievance Policy is: To ensure that clients are treated with respect and their rights protected; To ensure that all clients are aware of their right to complain or file a grievance if they feel their rights have been violated or that they are being treated unfairly or disrespectfully; and to ensure the agency maintains an efficient, consistent, and clearly defined process for client complaints and grievances.

The auditor reviewed the Complaint/Grievance Process-Client Acknowledgement it included the following information:

- You may fill out a client grievance form or write out your complaint on any piece of paper or in an email. You can email the grievance directly to The Connection's Quality Improvement Manager lhansen@theconnectioninc.org or call 860-343-5500 x 1851.
- You may verbally explain your complaint to program staff or by phone to a member of The Connection's Quality Improvement Department. This person will make every effort to make sure to document your complaints or concerns as accurately as possible.

An additional policy review indicates that the agency has administrative procedures to address resident grievance regarding sexual abuse.

The Connection Policy, PREA: Avenues of Reporting PREA Allegations Policy and Procedure section 7.0, requires that the PREA coordinator ensure that the following steps are being taken in designated PREA programs which allow for multiple avenues for residents and staff to report potential PREA allegations internally and externally. At intake and orientation, residents must be given PREA literature that includes the mailing address and phone number of The Connection, Inc.'s PREA coordinator. During that process, residents are encouraged to report any sexual misconduct to program staff. Too, The Connection, Inc.'s website provides contact for the PREA coordinator and third-party avenues for reporting.

The facility does provide residents with access to outside victim advocates for emotional support services related to sexual abuse.

The agency/facility provides residents with access to outside victim advocates or counselors for emotional support services. The emotional support services include sexual abuse and sexual harassment. Access is provided by giving residents the mailing address to the local rape crisis center, posting the outside phone numbers in areas where the resident is and by giving them a PREA brochure with the information during intake.

The outside emotional support services are on the Connecticut Alliance to End Sexual Violence – How to Access Emotional Support Services for Survivors of Sexual Abuse with Dial: 1-888-999-5545 (24 hours Toll Free Hotline – English). Dial: 1-888-568-8332 (24 hours Toll Free Hotline – Spanish) on the phone to reach a trained counselor. The local mailing address is the Middletown Office. The local mailing addresses are on the flyer and phone number. The flyer also stated that the calls are free and confidential. PREA mail will be treated as legal mail. The flyer clearly states that “In accordance with state mandatory reporting laws agency/ organizations may forward report to proper authorities”.

Interviews: Resident Interview Questionnaire - Q: 13, 14, 15, 16 / Resident who Reported a Sexual Abuse - Q: 10, 11

A total of ten random residents were interviewed by the auditor. Five Blacks, Three Whites and Two Hispanics. These residents came to the facility within the past 12 months, seven came from jail, one from home, and two from another community facility. Nine reported that they were aware of services available outside of the facility for dealing with sexual abuse if they needed it. None of the residents knew the kind of services because some reported that they never use the services, or they had no reason to call. All residents reported that they have access to mailing addresses and phone numbers because it is posted and it is in the brochure. They reported that the outside numbers were free, and all the residents had personal cell phones. This was confirmed during the formal interviews of the random residents. The residents reported that they think the kind of services provided was victim services, rape counseling crisis, some said they were not sure because they never call or did not read the information. Seven of the residents reported that they think they can talk with outside service at any time because they have personal phones.

During the site visit there were no residents who reported sexual abuse to respond to the following questions.

- Does the facility give you mailing addresses and telephone numbers for outside services? What services and are the numbers free to call?
- Under what circumstances are you able to talk with people who provide these services?

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

During the facility tour the auditor observed PREA posters on the wall. The posters observed were Auditor PREA Notice of the upcoming PREA audit; PREA Brochure-Sexual Assault, Abuse and Harassment Sexual Abuse and Harassment. The Connecticut Alliance to End Sexual Violence.

This information was continuous throughout the facility to include posting in the Dining/Common areas, and the Intake area. The posters and brochures are eligible, has the outside toll-free numbers and are in English and Spanish.

During the On-Site phase, during the tour of the facility, all the residents have personal phones. The phones were checked to ensure that the residents have access to The Connecticut Alliance to End Sexual Violence, local rape crisis center that provides emotional support services.

On July 18, 2025, at 9:04am, during the post-audit phase, the auditor called the Connecticut Alliance to End Sexual Violence the statewide emotional support services number to test its functions. The auditor uses his cell phone and dials the toll-free number. The call went to the statewide office. The person that answered the phone asked for the auditor's reason for calling. The auditor informed the person that he was a Certified PREA auditor and was testing the statewide toll-free number. The auditor asked the staff to explain the process when a resident calls this number and how they receive emotional support services. The staff indicated that they would talk to the residents and forward the call to the zip code where the facility is located. Connecticut Alliance to End Sexual violence is a statewide coalition of individual sexual assault crisis programs. There are nine local rape crisis centers that provide emotional support services statewide. Staff also indicated that they provide services at the local hospital if requested the resident.

The auditor phone call was followed up by an email from Connecticut Alliance to End Sexual Violence on July 18, 2025, at 11:16am. The email attachment provided additional information regarding Victim Services, Advocacy and Counseling Community Education Programs. Free & Confidential 24/7 Sexual Assault Hotline numbers in Spanish and English.

Staff and residents' informal conversations during the tour indicated that residents confirmed having access to writing instruments, paper, and forms to report. They use them during their free time in the living units. Staff indicated that residents

could request them from staff. Informal conversations with residents during the tour also collaborated with them that they are aware of the outside emotional support services on the flyers and posters, however, they never used it.

The auditor observed how mail moves from residents to the outside of the facility. The resident can use note paper or grievance forms, put the letter into an envelope and take it to the front office. The US mail is picked up every day.

Interviews: Resident Interview Questionnaire - Q: 17 / Resident who Report a Sexual Abuse - Q: 12

A total of ten random residents were interviewed. Five Blacks, Three Whites and Two Hispanics reported that they think the conversation would remain private. However, they did not know if their conversation would remain private because they never use outside services. Some say that they think their conversation would remain private unless they reported a crime.

The interviewed Program Director corroborated that the residents are informed at orientation by case manager when completing the PREA Screening Application to which reports of abuse will be forwarded to authorities as mandated reporters.

During the site visit there were no residents who reported sexual abuse to respond to the following question. Can you communicate (talk or write) with these people in a confidential way? Could your conversations with them be told to or listened to by someone else?

The agency shall maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide Residents with confidential emotional support services related to sexual abuse. The agency shall maintain copies of agreements or documentation showing attempts to enter into such agreements.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Does the agency maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide residents with confidential emotional support services related to sexual abuse; the facility response was yes.

The agency maintains a memorandum of understanding (MOU) or other agreements with community service provide residents with emotional support services related to sexual abuse.

Documentation review of the Memorandum Agreement between Connection, Inc., and The Connecticut Alliance to End Sexual Violence. The Alliance to End Sexual Violence (The Alliance) is a coalition of Connecticut's nine (9) community based sexual assault crisis and advocacy services including a 24-hour hotline, individual counseling, medical and legal accompaniment and support, and community education and training programs.

TCI and The Alliance agree to the following:

- Identify and assign a point of contact at each organization to establish coordination between agencies and access to Sexual Assault Crisis Services (SACS) for TCI clients. Response to the client's request to work with SACS will be made and executed with a reasonable amount of time.
- Display sexual assault crisis hotline posters in English and Spanish at TCI and The Alliance. TCI will share information with clients about SACS programs and the availability of sexual assault crisis counselors and community-based services.
- At TCI client's request, allow for a sexual assault crisis counselor to accompany and support the victim throughout the forensic medical exam process and investigatory interviews, and provide emotional support, crisis intervention, information, and referrals, as requested by the victim throughout the client's placement in the TCI facility.
- At the Alliance and TCI there will be a dedicated and confidential space for SACS to meet with clients.
- To develop site specific protocol and procedure for maintaining PREA standards.
- To collaborate for the continuity of care and discharge planning for clients who are victims of sexual assault and/or abuse.
- To identify and assign designated staff to establish a cohesive and seamless delivery of services to clients in TCI facilities.

The agency PREA coordinator maintains a copy of the statewide agreement in the office.

The auditor reviews the MOU and the Modification or Termination of Agreement sections states, "Either party may terminate the agreement with or without cause upon sixty (60) days written notice. Subject to the rights of the parties to terminate this Agreement, no modification shall be made without the written consent of both parties". The Duration section states, "This agreement is effective as of the last date signed below and shall be effective henceforth unless terminated by either party as outlined above".

115.262 (a)

When an agency learns that a resident is subject to a substantial risk of imminent sexual abuse, it shall take immediate action to protect the residents.

Review of Documents:

Based on a review of information that the facility provided in the PAQ, in the past 12 months, the number of times the agency or facility determined that a resident was subject to a substantial risk imminent sexual abuse was 0. If the agency or facility made such determinations in the past 12 months, the average amount of time (in hours) that passes before acting is 0.

TCI Policy PREA: Protection and Retaliation Policy and Procedure section 7.0, TCI, in conjunction with the referring agency, reserves the right to employ the following measures, in cases of retaliation, as it sees fit: (1) Housing changes/Transfers for resident victims and/or abusers (2) Removal of alleged staff or resident abusers form contact with victims (3) Emotional support services for residents or staff who fear retaliation for reporting sexual abuse, sexual harassment, or for cooperating with alleged PREA investigations.

The facility screens all newly admitted Residents for potential for victimization or for potential sexual abusiveness. This process is in place to ensure that a potential victim and potential abuser are not housed together in the same bedroom.

When the agency learns that a resident is subject to a substantial risk of imminent sexual abuse, it takes immediate action to protect the resident.

Interviews: Agency Head - Q: 12 / Director - Q: 7 / Random Sample of Staff - Q: 13

Interviewed Agency Head confirmed that when the agency learns that a resident is subject to a substantial risk of imminent sexual abuse the agency would take protective action. When residents are placed in the program, efforts are made to

house them according to PREA assessment, which considers victimization risk. In these instances, or instances where a risk is identified at another time, the agency ensures that the resident is housed in an area that is safe and easily monitored. Staff are also made aware of the situation and these residents have frequent physical checks done on them. The facility may also speak with the funder to see if there are more appropriate housing options for these residents.

The interviewed Program Director confirmed, when they learn that a resident is subject to a substantial risk of imminent sexual abuse, the protective action is to ensure the client is roomed either alone or with someone that based on PREA assessment is of low risk to be an abuser. If there is anyone in the program that is of high risk to offend against a client.

A total of five random staff were interviewed. Three Black females, One White female, and One Black male. They work the 1st, 2nd and 3rd shifts. Five confirmed that the actions they would take when they learn that resident may be at risk of imminent sexual abuse. They would immediately move the residents to another area until the supervisor gives additional instructions and stay with the residents.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Informational conversation with the Program Director confirmed that measures to protect a client are subject to a substantial risk of imminent sexual abuse. The following protective actions that may be used by the agency/facility:

- o Consultation with referral source,
- o Removing alleged client abusers from contact with victims,
- o Removing alleged staff abusers from contact with victims,
- o Monitoring client rooms, including observation by director,
- o Transferring potential victims/abusers to other facilities,
- o Segregation during transportation in transport vehicles,
- o Actively monitoring the conduct and treatment of Clients or staff who have reported abuse and of Clients who have reported to have suffered abuse for signs of retaliation.

The agency requires upon receiving an allegation that a resident was sexually abused while confined at another facility, the agency notifies the head of the facility or appropriate office of the facility where sexual abuse is alleged to have occurred.

Interviews: Agency Head Q:5 / Program Director Q:12

Interviewed Agency Head confirmed that if another agency or a facility within another agency refers allegations of sexual abuse or sexual harassment that occurred within one of the facilities the agency has a designated point of contact. TCI agency PREA coordinator is the designated point of contact for all facilities. All allegations go through the PREA coordinator who then makes appropriate collateral contacts with those needing to be informed of the situation, including investigations. It was also reported that there were no allegations from another facility or agency. At this time there were no examples from another facility or agency.

The interviewed Program Director confirmed when a facility receives an allegation from another facility or agency that an incident of sexual abuse or sexual harassment occurred in his facility it is handle the same as an allegation directly from the client which would initiate the first responder's response. The PREA coordinator contacted and initiated an investigation, the Police and DOC are notified as well. There are no examples at this facility, if the facility were to receive an allegation, the program staff would notify the PREA coordinator, Parole, and the State Police. The response is the same and is not dependent on who makes the allegations.

If the first staff responder is not a security staff member, the responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and then notify security staff.

Review of Documents:

Based on a review of information that the facility provided in the PAQ, of the allegations that a resident was sexually abused in the past 12 months, the number of times a non-security staff member was the first responder is 1. Of those allegations responded to first by a non-security staff member, the number of times that staff member requested that the alleged victim not take any actions that could destroy physical evidence is 0. Of those allegations responded to first by a non-security staff member, the number of times that staff member notified security staff is 0.

TCI Policy PREA: First Responders to a PREA Incident section 7.0, First responding TCI staff members are responsible for the following:

- Immediately separate the victim and the alleged abuser.
- Determine the safety of the client and, in need be, contact emergency medical services (call 911).
- Preserve and protect any crime scene until appropriate steps can be taken to collect evidence.
- If the abuse occurred within a time period that allows for the collection of physical evidence, staff will request that the alleged victim (s) and/or abuser (s) not take any actions that could destroy physical evidence. This includes, but is not limited to washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, and eating.
- Immediately contact: the Program Manager or on call Supervisor; PREA On-Call; Program Director; Vice President of Community Justice or designee.
- Externally: Emergency medical providers and/or law enforcement, if a potentially criminal act occurred (call 911). If the client involved is on Parole, contact the Supervising Parole Officer or Parole On-Call if outside of normal business hours.

- Externally: Emergency medical providers and/or law enforcement, if a potentially criminal act occurred (call 911). If the client involved is on Parole, contact the Supervising Parole Officer or Parole On-Call if outside of normal business hours.
- Complete an incident report detailing the event and chain of communication.
- Call the Executive Leadership on-call.
- Provide the contact information below to the client or if agreed to by the client, contact Connecticut Alliance to End Sexual Violence.
- Mandatory Reporting Laws: If the alleged victim is within a protected population (i.e. the elderly or persons with intellectual disabilities) then contact the applicable hotline number below.
- When a physical assault has occurred on premises all clients will be transferred to the local hospital for forensic examinations.

The documentation review provided the following for the PREA Coordinator: Once the PREA Coordinator is notified of the incident, she/he is responsible for:

- Confirm staff ensure the safety of the client within the program.
- Confirm staff completed all first responder duties.
- Contact the Parole Supervisor Officer to report and determine if an immediate investigation is required.

Interviews: Program Director - Q: 14

Interviews: Residents who Reported Sexual Abuse - Q:25

During the site visit there were no residents who reported sexual abuse to respond to the following question. Do you feel protected enough against possible revenge from staff or other residents because you reported what happened to you?

Interviewed Agency Head confirmed that that the agency protects residents and staff from retaliation for sexual abuse or sexual harassment allegations. The agency has a system in which they follow up with residents who report allegations of abuse. The agency also monitors residents closely following reports of sexual abuse. The agency has managers closely watch overseeing these residents to ensure there is no retaliation taking place. The facility informs the residents of the agency's retaliation policy and notifies staff immediately if they feel they are being retaliated against. Staff can report any retaliation to the Human Resources department, the PREA coordinator or agency leadership at any time. When making considerations on program changes, or movement, the facility ensures that the individual perpetrated against is given preference or is included in discussions surrounding any changes to programming. Victims are informed of services and behavioral health support available to him or her.

The agency shall employ multiple protection measures, such as housing changes or transfers for resident victims or abusers, removal of alleged staff or resident abusers from contact with victims, and emotional support services for Residents or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Does the agency employ multiple protection measures, such as housing changes or transfers for resident victims or abusers, removal of alleged staff or resident abusers from contact with victims, and emotional support services for residents or staff who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigation; the facility response was yes.

TCI Policy PREA: Protection and Retaliation Policy and Procedure section 7.0, TCI in conjunction with the referring agency, reserves the right to employ the following measures, in cases of retaliation, as it sees fit: Housing change / Transfers for resident victims and/or abusers; Removal of alleged staff or resident abusers from contact with victims; Emotional support services for residents or staff who fear retaliation for reporting sexual abuse, sexual harassment, or for cooperating with alleged PREA investigations.

A documentation review indicated that the agency has the following multiple protection monitoring measures: Recent discipline reports, housing changes, periodic status checks, program changes, negative case notes or progress reports, staff reassignments and negative performance reviews.

Interviews: Agency Head - Q: 7 / Director - Q: 15 / Designated Staff Member Charged with Monitoring Retaliation (or Director if none-available) - Q: 1, 2, 3

Interviewed Agency Head was asked how do you protect residents and staff from retaliation for sexual abuse or sexual harassment allegations? Staff indicated that the agency has a system in which they follow up with residents who report allegations of abuse. They also monitor residents closely following reports of sexual abuse. The agency has managers closely watching staff overseeing these residents to ensure there is no retaliation taking place. They inform the residents of the retaliation policy and to notify staff immediately if they feel they are being retaliated against. Staff has the ability to report any retaliation to the Human Resources Department, the PREA Coordinator or agency leadership at any time. The agency also informs victims of victim services and behavioral health supports available to the residents.

Interviewed staff responsible for monitoring retaliation confirmed that the role she plays in preventing retaliation against residents and staff who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigation by making housing changes or they can transfer to another agency facility, provide emotional support services through the local rape crisis center. The agency works closely with the funder, PREA coordinator, HR and agency leadership team to ensure that individual(s) who cooperate with PREA are protected. In addition, staff initiate contact with residents who have reported sexual abuse when inspecting the facility, or during counseling sessions. She monitors staff to ensure that they are not retaliating against clients by monitoring cameras, ensuring the client is not being treated differently through chores, denial of passes, restricted outside access, etc. If staff feel like they are being retaliated against, they are instructed to communicate with the Program Director or to human resources.

Staff indicated that they initiate contact with residents who have reported sexual abuse right after the allegation and continuously until their discharge.

The interviewed Program Director described the different measures that are taken to protect residents and staff from retaliation are: Clients involved are kept always separated. If it's against a staff member that staff member is sent home until the

facility completes the investigation. Staff keep a close eye on clients and the Program Manager keeps an eye on clients and staff to ensure there are no increases in chores or tickets. The staff notify the client that the facility has zero tolerance for retaliation, and they should notify staff immediately if they feel that they are being retaliated against. If there is an incident of retaliation, then the program would notify the client's supervising officer. If it were a staff member retaliating against clients, they would be reported to Human Resources and addressed appropriately.

115.277 (a)

Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with Residents and shall be reported to law enforcement agencies, unless the activity was clearly not criminal, and to relevant licensing bodies.

Review of Documents:

Based on a review of information that the facility provided in the PAQ, in the past 12 months, the number of contractors or volunteers reported to law enforcement for engaging in sexual abuse of residents is 1.

TCI Policy PREA Review Section 4: The Connection will not conduct PREA criminal investigations. All PREA allegations resulting in potential criminal behavior will be referred to The Connecticut State Police for investigation.

TCI Policy PREA: Prison Rape Elimination Act Policy and Procedure section 4.0, all substantiated PREA allegations involving actions by Connection staff will result in sanctions, including but not limited to, termination of staff and/or referral to criminal prosecution.

The agency policy requires that any contractor or volunteer who engages in sexual abuse be reported to law enforcement agencies and to relevant licensing bodies.

Agency practice indicated that all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, reported to law enforcement agencies, unless the activity was clearly not criminal, and to any relevant licensing bodies. This practice is also for volunteers, interns, and contractors. The agency does not conduct criminal investigations.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Informal conversation with the Program Manager confirmed that if a contractor or volunteer engages in sexual misconduct it will be reported to law enforcement agencies and to relevant licensing bodies.

Corrective Action: None

Provision Findings:

A review of the appropriate documents to include the facility PAQ, interviews and informal conversations with staff and residents, and a review of relevant policies corroborate that the facility is complying with the provisions of this standard.

115.277 (b)

The facility shall take appropriate remedial measures and shall consider whether to prohibit further contact with Residents, in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: In the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer, does the facility take appropriate remedial measures, and consider whether to prohibit further contact with residents; the facility response was yes.

The facility takes appropriate remedial measures and considers whether to prohibit further contact with residents in the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer.

Interviews: Program Director - Q: 17

The interviewed Program Director confirmed that in a case of any violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer the measures the facility will not allow the person access to the program and prohibit further contact with the resident. The investigation may be occurring; the police would be notified. For the safety of the residents the facility would request a different employee from the contracting company, and if it was a volunteer the facility would no longer utilize them.

Observation & Test of Critical Functions (Videos, Informal Conversations, Site Reviews):

Informal conversation with the Program Director confirmed that if a contractor or volunteer engages in sexual misconduct with a resident, they will be prohibited from further contact with the residents until the investigation is completed.

Corrective Action: None**Provision Findings:**

A review of the appropriate documents to include the facility PAQ, interviews and informal conversations with staff and residents, and a review of relevant policies corroborate that the facility is complying with the provisions of this standard.

The agency may redact specific material from the reports when publication presents a clear and specific threat to the safety and security of a facility but must indicate the nature of the material redacted.

Review of Documents:

The Pre-Audit Questionnaire (PAQ) Indicated: Does the agency indicate the nature of the material redacted where it redacts specific material from the reports when publication would present a clear and specific threat to the safety and security of a facility; the facility response was yes.

When the agency redacts material from an annual report for publication, the redactions are limited to specific materials where publication would present a clear and specific threat to the safety and security of the facility.

A review of the agency 2024 Annual PREA report confirmed that the agency redaction is limited to specific materials where publication would be a clear and specific threat to the safety and security of the facility.

Interviews: PREA Coordinator - Q: 23

The interviewed PREA coordinator confirmed that the types of material that are typically redacted from the annual report do include any resident and staff personal information or any major security issues.

The auditor shall have access to, and shall observe, all areas of the audited facilities.

Review of Documents:

Did the auditor have access to, and the ability to observe, all areas of the audited facility? Yes.

On the first day of the audit after the entrance conference, the auditor conducted a comprehensive tour of the facility. It was requested that when the auditor pauses to speak or have informal conversations with a resident or staff, that staff on the tour

would please step away so the conversation might remain private. This request was well respected.

During the tour, the auditor reviewed PREA related documentation and materials located on bulletin boards and walls. The auditor observed camera surveillance, physical supervision, and electronic monitoring capabilities. Other areas of focus during the tour included, but were not limited to, levels of staff supervision, and limits to cross-gender viewing. Housing units, visitation, intake area, administrative areas, Kitchen, dining, storage, work areas were toured.
